

## Android Developer - we are looking for you!

### The company

coresystems ag is an innovative software development company. For a new, exciting product in the mobile and web area we are looking for more team members. The company, currently counting around 100 employees, continually develops new products that help small and medium-sized companies add value to their day-to-day business. coresystems ag is headquartered in Windisch (Switzerland) and has business units in the USA, UK, Ireland, Denmark, Romania and China.

### Your job

We are looking for an Android Developer in Shanghai, China to extend and improve our product. You will be responsible for the UI front-end and back-end development. Also part of your responsibility is the tight integration of our product into the Android phone.

### What you offer

- Android development is what you like most
- You are a Java expert
- You are coding with performance and resource usage in mind
- You are experienced in UI development
- REST, NoSQL is nothing new to you
- You are passionate about creating a perfect Android application

If you have any projects on GitHub or other platforms let us know.

### Why join us?

- Work in a team of dynamic, enthusiastic and young colleagues. Enjoy flexible working hours.
- Engage yourself in developing our products. We take every opinion seriously.
- Mac Book Pro or PC Notebook – you decide what you want to work with.
- Attend a free education program of your choice every year and stay on top of new inventions & technologies.
- Time for research: Friday afternoons are blocked for research & gadget development.
- Get 500\$ on your next iPhone or Android and get a part of your monthly phone bill paid.

### How to apply

If you are interested, please send your application to [minwen.lu@coresystems.ch](mailto:minwen.lu@coresystems.ch) or call +86 134-8237-0107.
