

Our young and innovative company is looking for a

Cloud Supporter 100%

to start immediately or by agreement.

Key responsibilities:

In this function you are responsible for all support queries regarding our cloud products. You supervise the cloud systems and manage the cloud accounts. Furthermore, you are the interface between our customers, our development department and the suppliers. You will be working in Miami, USA.

The company:

coresystems is a young and innovative software development company with an extensive network of globally located SAP Business One Partners. The company, currently counting around 80 employees, continually develops new products that help small and medium-sized companies add value to their day-to-day business.

Skills required:

- Completed apprenticeship/degree in informatics
- Willingness to learn and ability to learn quickly
- Excellent English and Spanish skills
- French, German or other language skills are also an advantage
- Basic knowledge of ERP
- Programming, database and SQL knowledge
- Solid knowledge of Windows and Linux
- High initiative and ability to work independently
- Attention to detail
- Very good organizational skills

The ideal candidate is a team player, used to work independently, performs well under pressure, is service-oriented and always puts the customer first.

We offer an ambitious, varied and challenging job in a pleasant work environment. Attractive employment conditions are also on offer for the successful applicant.
